(D)

(D)

Demarcation Point – That point (also referred to as Network Interface) or interconnection between the Telephone Company's facilities and the wiring at the subscriber's premise. The Demarcation Point shall consist of wire or a jack conforming to Subpart F or Part 68 of the Federal Communications Commission's Rules and Regulations. The Demarcation Point will generally be within twelve inches of the protector or, absent a protector, within twelve inches of the entry point to the customer's premises. If conforming to the twelve inches is unrealistic or technically impossible, the Demarcation Point will be the most practicable minimum point of entry to the customer's premises. The network interface may be located at a point other than the normal demarcation point where the network interface has been previously established by the presence of network equipment. With regard to premises for any structure that is built to be more mobile (e.g., mobile homes, recreational vehicles), The Telephone Company may place the Demarcation Point on a post or pole at or near the pad where such structure is intended to rest. Boat docks, marinas and similar premises may be treated by the Telephone Company as a single unit premises, with the Demarcation Point being placed on the shore or other location as deemed appropriate by the Telephone Company.

Delinquent or Delinquency – An account for which payment has not been made in full on or before the last day for timely payment. (D)

End User – The ultimate user of the telecommunications services and who orders service and is responsible for payment of charges due in compliance with the Telephone Company's price list regulations. See "Customer".

3. Rules and Regulations

3.1 Obligation and Liability of the Telephone Company

3.1.1 Availability of Facilities and Equipment

The Telephone Company's obligation to furnish Services is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary facilities, pole lines, circuits and equipment. Products, services, features and functions will be available in accordance with this tariff, where technically and operationally feasible.

The installation and restoration of Services shall be subject to the regulations set forth in this Tariff.

3.1.2 Interruptions of Service

In the event of an interruption to the service not due to the negligence or willful act of the customer or customer premises equipment, an allowance will be made if the interruption continues for more than twenty-four (24) hours from the time it is reported to or detected by the Telephone Company, upon customer request.

The customer is responsible for providing a suitable supply of commercial electrical power, including outlets, when and where required by the Company for the operation of any Company telecommunications equipment on the customer's premises. Failure to supply adequate commercial electrical power is considered negligence of the customer. A customer may be billed a service dispatch charge whenever a dispatch is made to correct a service interruption caused by the customer failure to pay for commercial electrical service.

In the event the Customer is affected by such interruption, not due to customer negligence, for a period of less than twenty-four (24) hours, no adjustment will be made. No adjustments will be earned by accumulating non-continuous periods of interruption.

3.1.3 Liability

In view of the possibility of errors and difficulties occurring in the transmission of messages by telephone, and the impossibility of fixing the cause thereof, the customer assumes all risks connected with the service except as follows:

If the initial installation is defective or if service is interrupted for more than twenty-four (24) hours otherwise than by the negligence or willful act of the customer or due to customer premises equipment, an allowance limited to the prorated portion of the monthly rate or guarantee for the service or portion thereof interrupted, shall be made after notice and demand to the Telephone Company. No allowance shall be made for interruptions due to the inside wiring or customer provided equipment.

3.1.3 Liability (Cont'd)

The Customer indemnifies and saves the Telephone Company harmless against any accident, injury or death caused through the use of apparatus which fail to meet the dielectric requirements as established by the Telephone Company when such apparatus is provided by the Customer. The Telephone Company has the right of refusing to, or ceasing to, render service to a Customer if at any time any of the telephones, appliances, lines or apparatus on the Customer's premises shall be considered unsafe by Telephone Company personnel, or if the use of the service shall be prohibited by or forbidden under any law, ordinance or regulation.

Upon the request of the Customer for trouble visit a charge will be made if trouble is found to be in customer-provided systems. The Telephone Company shall not be responsible for the installation, operation, or maintenance of any customer-provided systems. Exchange and message toll telephone services are not represented as adapted to the use of customer-provided systems where such systems are connected to the Telephone Company facilities. The responsibility of the Telephone Company shall be limited to the furnishing of facilities suitable for exchange and message toll services and to the maintenance and operation of such facilities in a manner proper for such services; subject to this responsibility the Telephone Company shall not be responsible for the through transmission of signals generated by the customer-provided systems or for the quality of, or defects in, such transmission or the reception of signals by customer-provided systems.

(C)

The Telephone Company shall not be responsible to the Customer or otherwise if changes in the criteria, or in any of the facilities, operations or procedures of the Telephone Company render any customer-provided facilities obsolete or require modification or alteration of such facilities or otherwise affect its use or performance. Where it is reasonably foreseeable to the Telephone Company that such changes may affect customer-provided facilities, the Telephone Company shall provide reasonable notice. The Customer also agrees to release, indemnify and hold harmless the Telephone Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly, by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion to use E911 service features and the equipment associated therewith, or by any services furnished by the Telephone Company in connection therewith, including but not limited to, the identification of the telephone number, address or name associated with the telephone used by persons accessing 911 service thereunder, and which arises out of the negligence or other wrongful act of the Customer, its user, agencies or municipalities, or the employees or agents of any one of them.

To ensure 911 calls and emergency personnel are properly routed Telephone Company equipment must not be moved by the customer. Additionally, the Telephone Company recognizes one address for all lines on the same account and will not be responsible for multiple address location information. Therefore, the customer is responsible for directing emergency personnel to the specific location of the person in need and to any other physical location if all telephones are not located at the address on the account.

3. Rules and Regulations

(D)

(D)

3.2 Practices and Procedures – Residential Service

3.2.1 Rights of the Telephone Company in Furnishing Service

Ownership and Use of Services

Facilities furnished by the Telephone Company to provide transmission Service on the premises of a Customer (except for inside wiring and inside jacks) are the property of the Telephone Company. Telephone numbers assigned to the Customer by the Telephone Company are portable and transferable with the Customer. The agents and employees of the Telephone Company shall have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, maintaining or repairing the equipment, instruments and lines, or upon termination of the Service, for the purpose of removing such equipment, instruments and lines.

If the installation and maintenance of Service are requested at locations which are or may become hazardous or dangerous to the Telephone Company's employees or the public or property, the Telephone Company may refuse to install and maintain such Service, and, if such Service is furnished may require the Customer to install and maintain such Services and may also require the Customer to indemnify and hold the Telephone Company harmless from any claims, loss or damage by reason of the installation and maintenance of such Service.

Service Use by Customer

The Service is furnished only for use by the Customer, the Customer's family or persons residing in the Customer's household, except as the use of the Service may be extended to persons temporarily subleasing a Customer's residential premises. Use of the Services and all charges incurred therein shall be the sole responsibility of the Customer.

The Company may assign its rights or delegate its obligations under this Tariff to any affiliate or successor in interest. The Customer may not transfer or assign his or her rights or obligations associated with the Services hereunder without the Company's prior written consent.

3. Rules and Regulations (Cont'd)

3.2.2 Establishment and Provision of Service

Applications for initial or additional Services may be made to Telephone Company in writing. During the application process, the Telephone Company may check commercial credit services or past telephone account information in order to establish a credit risk assessment and/or use in establishing any advanced payment amount that may be required.

(C)

(D)

Any change in rates or regulations prescribed by public authority having applicable jurisdiction, modifies all terms and regulations of the Services to the extent of such changes.

The Telephone Company reserves the right to refuse service to any applicant who is found to be indebted to the Telephone Company or its affiliates for service previously furnished until satisfactory arrangements have been made for the payment of all such indebtedness. The Telephone Company may also refuse to furnish service to any applicant desiring to establish service for former Customers of the Telephone Company or its affiliates who are indebted for previous service, regardless of the listing requested for such service, until satisfactory arrangements have been made for the payment of such indebtedness.

(D)

|

(D)

3.2.3 Directory Listing Service

The rates and regulations for directory listings in this tariff apply only to the alphabetical directory containing the regular alphabetical list of names of Customers. These regulations also apply to Yellow Page listings for business customers.

The alphabetical list of names of Customers is for the purpose of informing interested parties of the telephone numbers of Customers and those entitled to use Customers' Service, and special position or arrangement of names is not contemplated.

The Telephone Company limits the length of any listing in the directory by the use of abbreviations when, in the opinion of the Telephone Company, the clearness of the listing or the identification of the Customer is not impaired thereby.

Listings shall conform to the incumbent telephone company's practices with respect to its directories.

Listings are regularly provided in connection with all classes of Exchange Service, unless the Customer subscribes to Non-Listed, Non-Published or Private Number Service. Ordinarily, listings are automatically included in the directory. A listing, however, may be omitted upon request of a Customer when, in the judgment of the Telephone Company, the omission of the listing is warranted by the circumstances of the particular case.

The Telephone Company will furnish upon request the name and address of the Customer when used to provide recorded announcements under the provisions of this Tariff.

One listing included with each subscriber's primary line service, termed the Primary Listing, is provided in accordance with the incumbent telephone company's directory practices.

3. Rules and Regulations (Cont'd)

(N)

At the request of the Customer, the primary listing may be omitted from the directory and the directory assistance service records as a private telephone number. Private Number Service is furnished subject to the regulations and rates specified in this Tariff. The omission of the primary listing in the directory at the Customer's request does not entitle the Customer to an additional listing without charge in connection with other Services for which the Customer may be subscribing.

3.2.4 Priority of Service

In case of a shortage of facilities exists at any time, either for temporary or protracted periods, the establishment of network transmission service takes precedence in the furnishing of any service or facility.

3.2.5 Customer Premise Equipment (CPE)

Customer Premises Equipment ("CPE") is all terminal equipment normally used on the Customer's premises and owned by the Customer; owned by the Telephone Company or some other supplier and leased to the Customer; including the terminal equipment located or held in inventory on the Customer's premises.

The Telephone Company shall allow Customers to secure the provision, repair, and maintenance of CPE from any supplier, provided that such equipment shall be in compliance with applicable registration standards promulgated by the Federal Communications Commission and the Telephone Company's network.

(D)

(D)

3.2.6 Initial Contract Periods

(T)

- A. Unless otherwise specified herein or elsewhere in the Telephone Company's Local Exchange Tariff, the initial (or minimum) period for service is one (1) month from the date service is established and the minimum charge is the established rate for one (1) month.

Involuntary Termination

Service may be terminated for non-payment of a bill, provided that the Telephone Company has made a reasonable attempt to effect collection and has given the customer written notice to make settlement on his account or have his service disconnected. The Telephone Company will provide written notification fifteen (15) days prior to disconnection and make calls to the customer ten (10) days and twenty-four (24) hours prior to disconnection of service. Service can be terminated only on Monday through Thursday between the hours of 8:00 a.m. and 4:00 p.m. EST, unless provisions have been made to accept payment and reconnect service.

Service may be refused or discontinued for any of the reasons listed below. Unless noted, the customer will be allowed a reasonable time to comply to avoid discontinuance of service:

- A. Without notice, in the event of a condition determined by the Telephone Company to be hazardous or dangerous;
- B. Without notice, in the event of customer use of equipment in such a manner as to adversely affect the Telephone Company's service to other customers;
- C. Without notice, in the event of unauthorized use of telephone service;
- D. Customer tampering with equipment furnished and owned by the Telephone Company;
- E. Failure of the customer to permit the Telephone Company reasonable access to its equipment;
- F. Failure of the customer to furnish permits, certificates, and/or right-of-ways, as necessary to obtain service, or in the event such permissions are withdrawn or terminated.
- G. Failure of the customer to provide a deposit/advance payment to the Telephone Company, if required;
- H. Where there is probable cause to believe that there is illegal or willful misuse of the Telephone Company's service including but not limited to; the subscriber use or allowance of use of abusive, obscene, profane, lewd, lascivious or suggestive language or material otherwise not protected by law; subscriber use with intent to terrify, intimidate, threaten, harass, annoy, or offend another telephone user (including Telephone Company employees); or subscriber use to impersonate or permit others to impersonate any other individual.
- I. The Telephone Company may refuse to furnish Service and may also disconnect existing service for a Customer who demonstrates fraudulent means of obtaining, or attempting, to obtain, or assisting another to obtain, service by any trick, scheme, false representation, false credit device, or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment, in whole or in part, of the charge for such service.
- J. The Telephone Company is not required to furnish its service or to continue its service; to any applicant who, at the time of application, is indebted under an undisputed bill to the Telephone Company for telephone service previously furnished to such applicant or any other member of the applicant's household. The Telephone Company may not consider any indebtedness which was incurred by the applicant or any member of his household more than six years prior to the time of application.

3.2.10 Marketing Practices

As a telephone utility under the regulation of the Public Service Commission of South Carolina, the Telephone Company does hereby assert and affirm that as a provider of intrastate telecommunications service, the Company will not indulge or participate in deceptive or misleading telecommunications marketing practices to the detriment of consumers in South Carolina, and the Telephone Company will comply with those marketing procedures, if any, set forth by the Public Service Commission. Additionally, the Company will be responsible for the marketing practices of its contracted telemarketers for compliance with this provision. The Company understands that violation of this provision could result in a rule to Show Cause as to the withdrawal of its certification to complete intrastate telecommunications traffic with the State of South Carolina.

3.2.11 Payment for Facilities and Services

The customer is held responsible for all charges for Services rendered and furnished to the Customer.

(C)
(D)

Any Customer subscribing to services under this tariff is responsible for all collections costs, including but not limited to attorney's fees, incurred by the Company in recovering any amounts due by the Customer. In the event of the Customer's bankruptcy, the Company may assert its claim for collections costs and attorneys' fees under this tariff as a claim against the Customer's bankruptcy estate.

(D)

3.2.12 Construction, Installation and Maintenance Charges

Construction performed under this Section shall be at the sole discretion of the Telephone Company.

Special charges in the form of installation charges, monthly charges, or both are applied in addition to the usual service charges and monthly rates, when, because of the sporadic or occasional nature of the service or an unusual investment or expense, the revenue does not reasonably compensate the Telephone Company, for example:

- A. The facilities are not presently available, and there is no other requirement for the facilities so constructed.
- B. The facilities are provided in remote or undeveloped sections or if the facilities are provided on a temporary basis.
- C. The facilities are of a type other than that which the Telephone Company would normally utilize in the furnishing of its services.
- D. The facilities would be deployed over a route other than that which the Telephone Company would normally utilize in the furnishing of its services.
- E. The facilities would be constructed on an expedited basis.
- F. The facilities would be in a quantity greater than that which the Telephone Company would normally construct.
- G. The facilities would be constructed on a temporary basis until permanent facilities are available.
- H. The facilities would be constructed in advance of Telephone Company's normal construction.
- I. The conditions require the provision of special facilities or unusual methods of plant construction, installation, or maintenance.
- J. The Customer's location requires the use of costly private right-of-way.

Title to all construction, provided wholly or partly at a Customer's expense, is vested in the Telephone Company.

3. Rules and Regulations (Cont'd)

(N)

Construction charges will include materials, contract services, and loaded labor. The Customer is required to bear unusual maintenance costs for special construction.

Overhead loading of labor is calculated with a composite allocation factor that is based on plant, construction, and engineering personnel salaries and expenses; supervision, pension expense, insurance, unemployment and social security taxes. This factor is developed annually by determining the relationship of the above expenses to the total payroll base. It is applied to expenses for construction, removals, plant and central office maintenance.

The Telephone Company will provide an estimate of actual charge to the Customer prior to the start of construction.

When attachments are made to poles or other companies, in lieu of providing construction for which the Customer would be charged under the provisions hereof, the cost to the Telephone Company for such attachments are borne by the Customer.

The Customer is required to pay construction charges as made by another company providing facilities connecting with the facilities of the Telephone Company.

Construction charges will not apply to the Customer's station installation that includes the aerial drop that extends from the last pole to the demarcation point. Refer to Glossary of Definitions and Terms for explanation and examples of the term "Demarcation Point."

Installation of facilities within subdivisions shall be underground where underground treatment is the usual form of installation.

Special Type of Construction

When underground service connections are desired by Customers as initial installation in places where aerial drop wires would ordinarily be used to reach the Customer's premises, or when aerial facilities are used to provide service to a customer and subsequently the Customer desires that such facilities be placed underground, the following regulations apply:

- A. Where cable is laid in conduit, the underground conduit shall be constructed and maintained by or at the expense of the Customer and in addition, the Customer shall pay the cost of the underground cable, including the cost of installing, less the estimated cost to the Telephone Company of installing such aerial facilities as would be (or are) required to furnish the same service. The underground conduit shall be constructed in accordance with plans and specifications furnished by the Telephone Company.
- B. The duct or ducts required in the underground conduit by the Telephone Company to furnish service shall be reserved for its exclusive use.
- C. Where conductors are laid in a trench, the trench shall be constructed and backfilled by or at the expense of the Customer. In addition, the Customer shall pay the cost of the conductors,

3.2.14 Enhanced Directory Assistance

The Telephone Company shall list its customers with the directory assistance operators to provide the requested telephone numbers of all customers, except telephone numbers unlisted at the customer's request.

In the event of an error in the listed numbers of any customer, the Telephone Company shall intercept all calls to the listed number for a reasonable period of time provided existing telephone equipment will permit and the number is not in service. In such event of an error or omission in the name listing of a customer number such customer's correct name and telephone number shall be filed with directory assistance operators. The correct number shall be furnished to the calling party either upon request or interception.

Whenever any customer's telephone number is changed after a directory is published, the utility shall intercept all calls to the former number for a reasonable period of time and give the calling party the new number provided existing telephone equipment will permit and the customer so desires.

Call completion of a requested directory assistance listed number may be provided to a customer as part of this service. A service message will inform the Customer that he may be connected to the number automatically. The use of call completion to complete a long distance call may incur charges at the current Charter long distance rate. Call completion service is furnished over the Telephone Company's network, where facilities are technically and operationally available.

(D)

(D)

Enhanced Directory Assistance is available by dialing 411 or 1-area code-555-1212. Enhanced Directory Assistance provides requested telephone numbers along with features such as movie times, weather conditions and forecasts, highway traffic conditions, stock quotes and preferred restaurant listings. Additionally, a reverse directory assistance look up service provides the customer pertinent information such as name, address or zip code information for a phone number the caller already has. The Enhanced Directory Assistance service has a maximum of two requested telephone numbers per call.

5. Business Service

5.8 Private Line Services

The following services are offered where technically and operationally feasible.

A. Charter Business[®] Optical Ethernet Services

1. General

Charter Business[®] Optical Ethernet Services provide transparent optical network connectivity of point-to-point, point-to-multipoint or multi-point to multi-point configurations. The typical topology for Optical Ethernet is a standard fiber build using shared backbone bandwidth. A premium is charged for redundant/diverse access and dedicated backbone bandwidth. Charter Business[®] Optical Ethernet Services are certified using technical specifications and testing approved by the Metro Ethernet Forum (MEF). The service has an expectation of low Frame Delay, Frame Delay Variation and Frame Loss Ratio.

2. Optical Ethernet Service Types and Descriptions

a. E-Line Services (point-to-point)

Ethernet Private Line (EPL) provides a point-to-point Ethernet transport solution. EPL does not allow for service multiplexing. (C)

Ethernet Virtual Private Line (EVPL) – EVPL provides a point-to-point. Ethernet transport solution that allows for service multiplexing (more than one Ethernet Virtual Circuit can be supported at the UNI). The service type supports speed of 10 Mbps to 1 Gbps. Multiple EVPLs can be supported per UNI, therefore, total UNI bandwidth up to 10 Gbps is supported. (C)

b. E-LAN Services (Multi-point to multi-point)

Ethernet Private Local Area Network (EP-LAN) – E-LAN provides a private metro “LAN” Ethernet network, providing the ability to share bandwidth between multiple Ethernet locations. The service connects a dedicated channel of bandwidth to a single customer that is shared among the customer’s locations. These locations may exchange traffic via the shared connection as required. For example, any port could send information to any other port (any-to-any) or multiple ports could send all of their traffic to a single port. EP-LAN does not allow for service multiplexing. The service type supports speed of 10 Mbps to 1 Gbps. (C)

c. Class of Service (CoS)

Class of Service may apply to each Optical Ethernet service configuration (EPL, EPLAN, EVPL) with CoS performance represented in the customer Service Level Agreement (SLA). CoSs offered: Premier CoS - Highest priority, Express CoS - Intermediate priority and Standard CoS - Lowest priority. (C)

These services meet the Metro Ethernet Forum (MEF) specification for an E-LAN service and is MEF 9 and MEF 14 certified.

B. Charter Business[®] Ethernet

Charter Business Ethernet provides transparent network connectivity of point-to-point, point-to-multipoint or multi-point to multi-point configurations via the Company's hybrid fiber-coax (HFC) network which may provide an HFC only private network solution or may be intermixed with Optical Ethernet endpoints.

C. Charter Business[®] Optical Transport Service

A secure private connection delivers high-quality fiber-optic service between two or more sites. A private connection delivers transmission speeds ranging from TDM (DS1, DS3) to high-end SONET (OC3, OC12, OC48), and wavelength services.

D. Charter Business[®] Optical Layer 3 VPN

Optical Layer 3 VPN service provides private IP connectivity between two or more sites within a metropolitan or regional area. The service offers data rates ranging from 10 Mbps to 10 Gbps

5.9 Local Interconnection Service

5.9.1 General

- A. Subject to the terms set forth following, the purpose of this Tariff is to provide an overview of Local Interconnection Service ("LIS") and the terms and conditions under which LIS is offered.
- B. Facilities and equipment of a type and/or quantity necessary to provide LIS are not available on a ubiquitous basis in the Company's service area(s). To limit the real potential for stranded investment, recurring and nonrecurring Costs will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for Service. Charges will be offered to the Customer in writing and on a nondiscriminatory basis.
- C. Upon receipt of a bona fide request for LIS from a Customer, Company will negotiate in good faith with the Customer to enter into an agreement that effectuates the terms and conditions set forth in this Tariff.
- D. LIS is available to Customers for resale to retail Subscribers.
- E. The Customer must comply with all applicable FCC regulations governing the provision of interconnected Voice over Internet Protocol ("VoIP") service. In addition, it is the Customer's sole responsibility to comply with all applicable laws and regulatory requirements.
- F. LIS does not support "nomadic" VoIP services. As provided elsewhere in this Tariff, the Customer must provide its services to Subscribers at a fixed service address.
- G. The terms and conditions set forth in this LIS Tariff are in addition to the terms and conditions found in Section preceding, of this Tariff.

5.9.2 Definitions

For purposes of this Section, the following defined terms shall have the meaning indicated:

- A. "Company" means Charter Fiberlink SC-CCO, LLC
- B. "Customer" means the provider of retail interconnected VoIP services, as defined in 47 C.F.R. § 9.3, that purchases LIS from the Company in order to serve its own customers, which are the Subscribers to the interconnected VoIP service provided by the Customer.
- C. "Subscriber" means the interconnected VoIP end-user customer of the Customer.

5.9. Local Interconnection Service

5.9.3 Description of Service

- A. LIS provides a connection between a Customer's broadband facilities and the public switched telephone network, and related Services described herein. In order to make use of the Company's LIS, Customer's broadband facilities must consist of an IP-based, broadband connecting Facility between the Customer and the Premises of each Subscriber that has the ability to use a Cable Modem Termination System (CMTS) employing the Network-based Call Signaling specified by Cable Television Laboratories, Inc.(CableLabs®), a soft switch, a media gateway, and appropriate Customer Premises Equipment. LIS does not support Customers providing services to Subscribers that operate using a different format than provided by the Company.
- B. The IP-based, broadband connecting Facility between Customer and Subscribers, the CMTS, the soft switch, the connecting Facilities to the Company's media gateway, and all Customer Premises Equipment must be provided by the Customer or its Subscribers and is not included as part of LIS. The Company will only accept and deliver traffic in time division multiplex ("TDM") protocol. The Customer shall, at its sole cost, be responsible for providing all equipment, software, facilities and IP connectivity necessary for the Customer to provide interconnected VoIP service to its Subscribers.
- C. LIS is available to Customers where suitable Facilities exist, are technologically available, and are operationally and economically feasible.
- D. LIS provides standard 10-digit telephone numbers with associated two-way local exchange telecommunications service to permit Customers to provide local interconnected VoIP service to Customer's Subscribers. Where available in a service territory, LIS may also include support for the provision of 911 capability, Telecommunications Relay Services (711), and Directory Listings. Toll services, Operator Services and Directory Assistance are not included in LIS. LIS does not support calling to 976 or similar exchanges or to calls to the 900 Service access code.

5.9.4 Use of Service

- A. LIS is provided subject to, and in accordance with, the regulations and rates in this Tariff, applicable law, and the Company's agreements with other providers, including but not limited to: applicable state or federal law, applicable state or federal regulations, orders issued by regulatory agencies and/or courts of competent jurisdiction, Incumbent Local Exchange Company ("ILEC") interconnection agreements, or similar requirements (collectively "Company Obligations"). To the extent that changes in Company Obligations affect the terms and conditions under which the Company may provide LIS, including being unable to provide LIS at all, the liability of the Company for any such changes shall be subject to the limitation of liability provisions set forth in Section 3 of this Tariff.
 - 1. Customer shall, at its sole cost, be responsible for providing all equipment, software, Facilities and IP connectivity (including connectivity to Subscribers) necessary for the Customer to provide interconnected VoIP service to its Subscribers.

5.9 Local Interconnection Service (Cont'd)

5.9.4 Use of Service (Cont'd)

A. (Cont'd)

1. (Cont'd)

- a. The Customer must provide the proper signaling information (e.g., originating Calling Party Number (CPN) (a/k/a Automatic Number Identification (ANI)), destination called party number, Originating Line Information Parameter ("OLIP") on calls to 8XX telephone numbers, calling party category, charge number, Automatic Location Identification (ALI), etc.) for all calls. To the extent that failure to provide ANI or other signaling information leads to increased charges from third parties to the Company as a result of the Company Obligations, the Company may recover all such increased charges, as well as the Company's reasonable Costs associated with defending against and/or administering such increased charges, from the Customer. If for two months in any twelve month period the Customer sends calls to the Company lacking required signaling information in excess of 5% of all calls during such months, the Company may terminate LIS to the Customer immediately with no liability from the Company to the Customer for such termination.
- b. The Customer shall input, validate and maintain accurate Subscriber information so that the Company can provide such Customer-provided information to applicable national databases, including but not limited to, Automatic Local Identification (ALI) Database, Directory Listing information, Line Information Database (LIDB) and Caller ID with NAME Database (CNAM). The Customer shall deliver to the Company valid postal addresses that can be confirmed against the Master Street Address Guide ("MSAG").
- c. The Customer shall not: (1) re-classify or re-originate traffic or take any other action to make traffic appear as if it: (i) is anything other than the type of traffic delivered to such party (including but not limited to making TDM originated traffic appear to be IP originated) or (ii) originated from a place or on a type of equipment different from the place or type of equipment from where it, in fact, originated; or (2) modify, alter or delete in any manner calling party number information, originating point codes or any other signaling information, or call detail in connection with the transport and termination of traffic to the called party.

- d. Based on the Company Obligations, LIS is limited to Subscribers physically located in areas served by the Company. The Customer shall in all cases assign telephone numbers to Subscribers based on the Subscribers' locations and fully in accordance with NANPA guidelines associating NPA-NXX codes with particular Exchange Areas. LIS under this Tariff is not to be used with any "virtual numbering" or foreign-exchange-like arrangements. Notwithstanding, the Company and the Customer may negotiate and enter into such arrangements on an individual case basis to serve legitimate subscriber requirements.
 - e. The Company and the Customer will conduct interoperability testing prior to the Customer implementing any software or call flow upgrade, enhancement or modification thereto. All special configurations are subject to the Company's approval. The Company may terminate (without liability) LIS where proper interoperability testing has not been completed.
2. Customer is solely responsible for (i) implementing with Subscribers appropriate terms, conditions, and measures to ensure that all Subscribers comply with the terms and conditions of this LIS Tariff, and (ii) establishing the price plans according to which Subscribers will be billed, including determining and remitting taxes and other charges (i.e. Federal Universal Service Fund Charge) to applicable authorities, billing its Subscribers, and handling all Subscriber disputes. All acts or omissions of a Subscriber shall be attributable to Customer for purposes of this LIS Tariff. The Company will not provide support directly to any Subscriber.

The Customer will provide notice of its intent to renew at least 90 days prior to expiration of the Term.
- B. In the event of early termination of LIS by the Customer before the expiration of the Term, the Company may assess a Termination Charge equal to 100% of all monthly recurring charges multiplied by the number of months left in the Term. Such early Termination Charges do not constitute a penalty under this Tariff but are assessed in order for the Company to fully recover Costs associated with providing LIS.
- C. Discontinuance of Service for Cause
 - 1. Upon nonpayment of any amounts owing to the Company, the Company may, by giving 24 hours prior written notice to the Customer, discontinue or suspend LIS without incurring any liability.
 - 2. Upon Customer violation of any of the other material terms or conditions applicable to LIS the Company may, by giving 24 hours prior notice in writing to the Customer, discontinue or suspend LIS without incurring any liability if such violation continues during that period.
 - 3. Upon condemnation of any material portion of the Facilities used by the Company to provide LIS to a Customer or if a casualty renders all or any material portion of such Facilities inoperable beyond feasible repair, the Company, by notice to the Customer, may discontinue or suspend LIS without incurring any liability.
 - 4. Upon the Customer's insolvency, assignment for the benefit of creditors, filing for bankruptcy or reorganization, or failing to discharge an involuntary petition within the time permitted by law, the Company may immediately discontinue or suspend LIS without incurring any liability.
 - 5. Upon any governmental prohibition or required alteration of LIS to be provided or any violation of an applicable law or regulation, the Company may immediately discontinue LIS without incurring any liability.
 - 6. In the event of fraudulent use of the Company's network, the Company may without notice immediately suspend or discontinue LIS. The Customer will be liable for all related Costs. The Customer will also be responsible for payment of any reconnection charges.
 - 7. Upon the Company's discontinuance of LIS to the Customer under this Section, the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this Tariff, may declare all future monthly and other charges which would have been payable by the Customer during the remainder of the Term for which LIS would have otherwise been provided to the Customer to be immediately due and payable.
 - 8. In the event a Customer's LIS is discontinued for any reason, it is the Customer's responsibility to ensure its affected Subscribers have access to an alternative 911 service.

5.9.6 Subscriber Orders and Usage Forecasts

- A. The Customer must submit order(s) to activate a market(s) and request telephone numbers (each a "market order") in a format that will be provided by the Company and that may be updated from time to time. After the Company's acceptance of a market order, the Customer may submit orders to activate Subscribers for use of LIS within such market.
- B. The Customer will provide the Company with a non-binding forecast setting forth the Customer's estimated usage by market or local Calling Area and anticipated Local Number Portability ("LNP") requests for the next 12 month period, which shall be updated on a calendar quarter basis thereafter.
- C. The Customer may use other Common Carriers in addition to or in lieu of the Company.

5.9.7 Local Number Portability

- A. Porting In. As between the Company and the Customer, the Customer may act as the Company's agent in obtaining Subscriber requests to port a telephone number from a third party telecommunications provider to the Company so that the Customer may provide interconnected VoIP service to the Subscriber using that ported number. The Customer represents and warrants that it has all necessary rights and authority necessary for any Port-In it requests, will provide copies of letters of authority authorizing the same (or access to recordings of third-party verification of Customer ports) upon request and shall indemnify, defend and hold harmless the Company and its affiliates from any third party claim related to or arising out of any Port-In (or request for Port-In). The Customer shall not request a Port-In in any situation that does not meet the definition of "number portability" contained at 47 C.F.R. § 52.21.
- B. Porting Out. The Company shall honor requests received from third-party providers of telephone exchange service to port to such a provider a telephone number currently assigned to a Subscriber ("Port-Out"). Prior notice of Port-Outs will not be provided. The Company will support such third-party Port-Out requests in accordance with the Company's standard operating procedures.
- C. Directory Listings.
 - 1. The Company will assist Customer in the provision of directory listings to its Subscribers through third-party providers.
 - 2. The Customer shall be responsible for all costs incurred by the Company in the provision of directory listing services to the Customer's Subscribers, including any charges or liability resulting from the Customer's use of services provided by a third-party service provider. Such costs are not included in the rates specified in Section 7.9.9 of this LIS Tariff.
 - 3. The Company is not liable for damages arising from errors or omissions in the making or printing of directories by any such third-party service provider, or in accepting listings presented by the Customer.

5.9.8 Emergency 911 Service

- A. Subject to technical limitations which may vary from market location to market location, the Company may offer 911 Services as part of LIS, subject to the limitations stated herein.
- B. The Customer shall ensure that a Subscriber does not use LIS from a Location different from the Subscriber's address and shall further ensure that telephone numbers are assigned to Subscribers whose primary address is within the rate center (as defined by the Incumbent Local Exchange Carrier) associated with such telephone number.
- C. 911 Services may not function, or may not function properly: (i) if a telephone number is assigned to a Subscriber located outside of the ILEC rate center associated with such telephone number; (ii) if a Subscriber attempts a 911 call from a Location different from the Subscriber's address provided to the Company by the Customer; (iii) during a disruption of power at the Subscriber Location; (iv) during a loss of connectivity to the Subscriber Location due to network outages or other degradations of service, whether in the Company's network or an interconnecting network; (v) during any period where Service to a Subscriber has been cancelled or suspended for any reason (including suspensions or cancellations for failure to pay or other default); (vi) if incorrect or invalid Subscriber address information is provided, or if such information is not updated in the event of a change in primary Location; or (vii) if equipment provided to or used by the Subscriber fails to function or is improperly installed or configured.
- D. 911 Services may not function correctly until correct and valid address information has been input into the appropriate database(s), which may occur after initial Service activation.
- E. The Customer's agreements with Subscribers shall contain the following: (i) an explanation of the limitations on the functionality of 911 Services, including those set forth in Section 5.9.8.C, which the Company may supplement from time to time; and (ii) a release in favor of the Customer and the Company relating to claims arising out of the failure of 911 Services to function properly for the reasons set forth in this Section.

5.9.9 Liability

LIMITATION OF LIABILITY. IN ADDITION TO THE GENERAL LIMITATION OF LIABILITY SET FORTH IN SECTION 3 OF THIS TARIFF, NEITHER THE COMPANY, ITS AFFILIATES, SUBSIDIARIES, OFFICERS OR EMPLOYEES SHALL BE LIABLE TO CUSTOMER, SUBSCRIBER OR ANY THIRD PARTY FOR ANY DIRECT, SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE OR CONSEQUENTIAL COSTS, DAMAGES OR LIABILITIES, INCLUDING DAMAGE TO GOOD WILL, ECONOMIC LOSS, LOST PROFITS, OR OTHERWISE, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT OR TORT (INCLUDING STRICT LIABILITY), WHETHER FORESEEN OR FORESEEABLE, ARISING FROM THE COMPANY'S PROVISION OR FAILURE TO PROVIDE SERVICES.

5.9.10 Rates and Charges

- A. Facilities and equipment of a type and/or quantity necessary to provide LIS are not available on a ubiquitous basis in the Company's service area(s). To limit the real potential for stranded investment, recurring and nonrecurring charges for Customer-determined Service configurations will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for Service. Charges will be offered to the Customer in writing and on a nondiscriminatory basis.
- B. The charges for LIS may be revised from time-to-time on one month's notice.
- C. Charges for Service are exclusive of taxes. Except for taxes that the Company must remit directly based on the Company's income, the Customer will be responsible for all taxes that arise in any jurisdiction, including value added, consumption, sales, use, gross receipts, foreign withholding (which will be grossed up) excise, access, bypass, franchise or other taxes, fees, duties, charges or surcharges imposed on or incident to the provision, sale or use of Service (whether imposed on the Company or any affiliate of the Company). Such charges may be shown on invoices as cost recovery fees. The Customer may present the Company a valid exemption certificate and the Company will give effect thereto prospectively.
- D. Rates:

NONRECURRING CHARGES

1. Local Interconnection Service Non-Recurring Charge - Facilities used in the provision of Local Interconnection Service are constructed to meet specification negotiated by the Company and the Customer on an Individual Case Basis. Charges are offered to the Customer in writing and on a nondiscriminatory basis¹.
2. Activation/Service Order Charges - Pass through of any and all Carrier initial and supplemental Service order charges including activation charges, number porting charges (initial and supplemental; both standard and project-based fees), and directory listing charges (initial and supplemental; whether new, changed or deleted).

3. Repair/Maintenance Charges to repair customer caused incidents:

Regular Time:	Mon.-Sat. 8a.m.-8p.m.	\$115.00 per visit
Overtime:	Mon.-Sun. 8am.-8p.m.	\$175.00 per visit
Premium:	Sundays and Holidays	\$230.00 per visit
